

H5P – Interactive Video

- Videos may be enriched with interactivities like explanations, extra pictures, tables, Fill in the Blank and multiple choice questions.
- The following H5P content types may be added to your video:
 - Multiple choice questions with one or more correct answers
 - Fill in the blank questions
 - Drag and drop questions
 - Interactive summaries
 - More available [here](https://h5p.org/interactive-video)
- All question types can be configured to perform adaptive behaviour, meaning that a correct answer could cause the user to skip to a specified place in the video while an incorrect answer could take the user somewhere else in the video.
